

TIGER

ATF TYPE-A

TIGER ATF T-A is AUTOMATIC TRANSMISSION FLUID. It is a high quality automotive transmission power steering and hydraulic oil. It is used in heavy trucks and off-road vehicles. It is also used as transmission fluid for certain (manual) passenger car transmissions. This is an oil, with a high viscosity index, especially designed to satisfy the requirements of General Motors for the use in the first generation of automatic transmissions. Very good anti-wear and detergent qualities, anti-foam and anti-corrosion.

APPLICATIONS

TIGER ATF TYPE-A is recommended for use in manual passenger car transmission, heavy trucks and off road vehicles.

FEATURES

Anti-wear, thermal stability and oxidation stability : superior protection, anti-foam properties, excellent anti-foam properties and adequate viscosity stability.

SPECIFICATION LEVEL

TIGER ATF TYPE-A meets and exceeds GM Type 'A' Suf x 'A', Allison C-A, and Mercedes Benz 236.2.

TYPICAL CHARACTERISTICS

Test	Method	Unit	Average results
Color	ASTM D1500		Red
Kinematic viscosity at 100°C, cSt	ASTM D445	mm ² /s	6.5
Viscosity index	ASTM D2270		130
Pour point °C	ASTM D6892	°C	-36
Flash Point COC, °C	ASTM D92	°C	202

We reserve the right to alter the general characteristics of our products in order to let our customers benefit of the latest technical evolutions.
