Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

Date of issue: 02/02/2017

Revision date: 04/02/2017

Supersedes: 04/02/2017

Version:1.0

SECTION 1: Identification of the substance/mixture and of the company/undertaking				
1.1 Product identifier				
Product Form		:	Mixture	
Product Name		:	TIGER SPORT	ER 4T 20W40
Product Code		:	1507	
Product Group		:	Blend	
1.2 Product identifier				
1.2.1 Relevant identified uses				
Main use category		:		Professional use,Consumer use
Industrial/Professional use spec.		:	Non-dispersive	use Used in closed systems
Function or use category		:	Lubricants and	additives
1.2.2 Uses advised against				
No additional information available				
1.3 Details of the supplier of the safety data	sheet			
BLACK TIGER				
3463 Old Al-Kharj Hyt Road, Unit 1				
Riyadh 14371-6749- Saudi Arabia				
info@blacktiger.com.sa				
1.3 Details of the supplier of the safety data	sheet			
Emergency number		:	+966 11 438 29	02
SECTION 2: Hazards identification				
2.1 Classification of the substance or mixtur	e			
Classification according to Regulation (EC) No.	. 1272/2008 [CLP]	Show		
Not classified				
2.2 Label elements				
Labelling according to Regulation (EC) No. 127	2/2008 [CLP]			
EUH phrases		:		ains MOB Calcium branched chain alkyl phenate. May
			produce an alle	-
			EUH210 - Safet	ty data sheet available on request
Child-resistant fastening		:	No	
Tactile warning			No	
2.3 Other hazards				
No additional information available				
SECTION 3: Composition/information on in	ngredients			
3.1 Substances				
Not applicable				
3.2 Mixture				
Name	Product identifie	r	%	Classification according to Directive 67/548/
Name	i roudet lacitaile	.1	/0	EEC
Mineral oil			1 - 4,9	9 Asp, Tox, 1, H304
Dhanal dadaayd, branchad	(FC no) 210 154	0	0.1.0	99 Skin Irrit. 2, H315
Phenol, dodecyl-, branched	(EC no) 310-154- (REACH-no) 01-2		0.1-0,9	Eye Irrit. 2, H319.
	· · · · · · · ·			Repr. 2, H361f
				Aquatic Acute 1, H400. Aquatic Chronic 1, H410 (M=10)
Hydrocarbons, C11-C14, n-alkanes, iso-alkanes,	(EC no) 274-263-	7	0.1-0.0	99 Skin Sens. 1B, H317
cyclic, <2% aromatics	(REACH-no) 01-2			
MOB Calcium branched chain alkyl phenate	(EC no) 283-392-	8	0.1-0,9	99 Skin Irrit. 2, H315. Eye Dam. 1, H318 Aquatic Chronic 2, H411

Full text of R-, H- and EUH-phrases: see section 16

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

SECTION 4: First aid measures	
4.1 Description of first aid measures	
First-aid measures after inhalation	: Not expected to require first aid measures.
First-aid measures after skin contact	: Wash skin with mild soap and water.
First-aid measures after eye contact	: In case of eye contact, immediately rinse with clean water for 10-15 minutes.
First-aid measures after ingestion	: Do not induce vomiting. Rinse mouth. Get immediate medical advice/attention.
4.0 Most important symptoms and affect	to both courts and deloused
4.2 Most important symptoms and effect Symptoms/injuries after inhalation	
Symptoms/injuries after initialation	: Not expected to present a significant inhalation hazard under anticipated conditions of normal
Symptome/injurice ofter skip contact	use. Not expected to present a significant skin hazard under anticipated conditions of normal use.
Symptoms/injuries after skin contact Symptoms/injuries after eye contact	 Not expected to present a significant eye contact hazard under anticipated conditions of Not expected to present a significant eye contact hazard under anticipated conditions of
Symptoms/injunes after eye contact	normal use.
Symptoms/injuries after ingestion	: Not expected to present a significant ingestion hazard under anticipated conditions of normal
Cymptonia/injunes alter ingestion	USe.
4.3 Indication of any immediate medical	attention and special treatment needed
No additional information available	
SECTION 5: Firefighting measures	
5.1 Extinguishing media	
Suitable extinguishing media	: Water fog. Foam. Powder. Dry chemical product.
Unsuitable extinguishing media	: Do not use a heavy water stream.
5.2 Special hazards arising from the sub	
No additional information available	
5.3 Advice for firefighters	
Precautionary measures fire	: Exercise caution when fighting any chemical fire.
Firefighting instructions	
Firefighting instructions	: Use water spray or fog for cooling exposed containers.
Protection during firefighting	 Use water spray or fog for cooling exposed containers. Do not enter fire area without proper protective equipment, including respiratory protection.
	: Do not enter fire area without proper protective equipment, including respiratory protection.
Protection during firefighting	: Do not enter fire area without proper protective equipment, including respiratory protection.
Protection during firefighting SECTION 6: Accidental release measure	: Do not enter fire area without proper protective equipment, including respiratory protection.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ	: Do not enter fire area without proper protective equipment, including respiratory protection.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel	: Do not enter fire area without proper protective equipment, including respiratory protection.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment	: Do not enter fire area without proper protective equipment, including respiratory protection.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions	 Do not enter fire area without proper protective equipment, including respiratory protection. sipment and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not	 Do not enter fire area without proper protective equipment, including respiratory protection. Ipment and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment	 Do not enter fire area without proper protective equipment, including respiratory protection. and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment	 Do not enter fire area without proper protective equipment, including respiratory protection. and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. ify authorities if product enters sewers or public waters. and cleaning up Impound and recover large spill by mixing it with inert granular solids.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up	 Do not enter fire area without proper protective equipment, including respiratory protection. alipment and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Ify authorities if product enters sewers or public waters. Int and cleaning up Impound and recover large spill by mixing it with inert granular solids. Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up Other information	 Do not enter fire area without proper protective equipment, including respiratory protection. and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. ify authorities if product enters sewers or public waters. Int and cleaning up Impound and recover large spill by mixing it with inert granular solids.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up	 Do not enter fire area without proper protective equipment, including respiratory protection. alipment and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equipment 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up Other information 6.4 Reference to other sections	 Do not enter fire area without proper protective equipment, including respiratory protection. alipment and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up Other information 6.4 Reference to other sections No additional information available SECTION 7: Handling and storage	 Do not enter fire area without proper protective equipment, including respiratory protection. alipment and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Ify authorities if product enters sewers or public waters. Int and cleaning up Impound and recover large spill by mixing it with inert granular solids. Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up Other information 6.4 Reference to other sections No additional information available SECTION 7: Handling and storage 7.1 Reference to other sections	 Do not enter fire area without proper protective equipment, including respiratory protection. auipment and emergency procedures Wear suitable protective clothing and gloves. Ify authorities if product enters sewers or public waters. nt and cleaning up Impound and recover large spill by mixing it with inert granular solids. Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr. Spill area may be slippery. Use suitable disposal containers.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up Other information 6.4 Reference to other sections No additional information available SECTION 7: Handling and storage	 Do not enter fire area without proper protective equipment, including respiratory protection. alipment and emergency procedures Wear suitable protective clothing and gloves. Ify authorities if product enters sewers or public waters. Int and cleaning up Impound and recover large spill by mixing it with inert granular solids. Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr. Spill area may be slippery. Use suitable disposal containers.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. 6.1.2. For emergency responders Protective equipment 6.2 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 6.3 Methods and material for containment For containment Methods for cleaning up Other information 6.4 Reference to other sections No additional information available SECTION 7: Handling and storage 7.1 Reference to other sections Precautions for safe handling	 Do not enter fire area without proper protective equipment, including respiratory protection. Inpment and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Ify authorities if product enters sewers or public waters. Int and cleaning up Impound and recover large spill by mixing it with inert granular solids. Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr. Spill area may be slippery. Use suitable disposal containers. Avoid all unnecessary exposure. Both local exhaust and general room ventilation are usually required.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up Other information 6.4 Reference to other sections No additional information available SECTION 7: Handling and storage 7.1 Reference to other sections	 Do not enter fire area without proper protective equipment, including respiratory protection. Inpment and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Inpound and recover large spill by mixing it with inert granular solids. Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr. Spill area may be slippery. Use suitable disposal containers. Avoid all unnecessary exposure. Both local exhaust and general room ventilation are usually required. < < 40°C
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up Other information 6.4 Reference to other sections No additional information available SECTION 7: Handling and storage 7.1 Reference to other sections Precautions for safe handling Handling temperature	 Do not enter fire area without proper protective equipment, including respiratory protection. Impound and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Impound and recover large spill by mixing it with inert granular solids. Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr. Spill area may be slippery. Use suitable disposal containers.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up Other information 6.4 Reference to other sections No additional information available SECTION 7: Handling and storage 7.1 Reference to other sections Precautions for safe handling Handling temperature Hygiene measures	 Do not enter fire area without proper protective equipment, including respiratory protection. Impound and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Impound and recover large spill by mixing it with inert granular solids. Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr. Spill area may be slippery. Use suitable disposal containers.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. For emergency responders Protective equipment 6.2 Environmental precautions Prevent entry to sewers and public waters. Not 6.3 Methods and material for containment For containment Methods for cleaning up Other information 6.4 Reference to other sections No additional information available SECTION 7: Handling and storage 7.1 Reference to other sections Precautions for safe handling Handling temperature Hygiene measures	 Do not enter fire area without proper protective equipment, including respiratory protection. Impound and emergency procedures Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Wear suitable protective clothing and gloves. Impound and recover large spill by mixing it with inert granular solids. Detergent. Take up liquid spill into absorbent material sand, saw dust, kieselguhr. Spill area may be slippery. Use suitable disposal containers.
Protection during firefighting SECTION 6: Accidental release measure 6.1 Personal precautions, protective equ 6.1.1. For non-emergency personnel Protective equipment 6.1.2. Ig any incompatibilities < 40°C

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

lydrocarbons, C11-C14, n-alkanes, isc		
Belgium	Limit value (mg/m ³)	5 mg/m ³ 06/2011
Belgium	Short time value (mg/m ³)	10 mg/m ³ 06/2011
Additional Information		workday) recommended, based upon the ACGIH TLV (Analysis 5026, NIOSH Manual of Analytical Methods, 3rd Edition).
8.2 Exposure controls		
Personal protective equipment	: Safety glasses. Gloves.	
land protection	: Wear suitable gloves resistant to	o chemical penetration.
Skin and body protection	-	on equipment is recommended under normal conditions of use.
Respiratory protection		equipment is recommended under normal conditions of use with
	adequate ventilation.	
SECTION 9: Physical and chemical	· · · ·	
1.1 Information on basic physical a	nd chemical properties.	
Physical state	: Liquid.	
Appearance	: Oily liquid.	
Colour	: Yellow-brown	
Ddour	: Characteristic.	
Ddour threshold	: No data available.	
рН	: No data available.	
Relative evaporation rate (butylacetate=1) : No data available.	
Aelting point	: No data available.	
reezing point	: No data available.	
Boiling point	: No data available.	
lash point	: >232°C@ASTMD92	
Self ignition temperature	: No data available.	
Decomposition temperature	: No data available.	
lammability (solid, gas)	: No data available.	
/apour pressure	: No data available.	
Relative vapour density at 20 °C	: No data available.	
Relative density	: No data available.	
Density	: 887 kg/m3 @15°C	
Solubility	: Slightly soluble, the product rem	ains on the water surface.
.og Pow	: No data available.	
/iscosity, kinematic	: 157 mm2/s @ 40°C	
/iscosity, dynamic	: No data available.	
Dxidising properties	: No data available.	
Explosive limits	: No data available.	
0.2 Other information		
No additional information available		
SECTION 10: Stability and reactivity	У	
0.1 Reactivity None under normal conditions.		
0.2 Chemical stability		

None under normal conditions.

Safety Data Sheet According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

40.4 Conditions to sucid	
10.4 Conditions to avoid	
No data available.	
10.5 Incompatible materials	
Strong oxidizers. acids. Bases.	
10.6 Hazardous decomposition products	
None under normal conditions.	
SECTION 11: Toxicological information	
11.1 Information on toxicological effects	
Acute toxicity	: Not classified
Mineral oil	
LD50 oral rat	> 5000 mg/kg
LD50 dermal rabbit	> 5000 mg/kg
LC50 inhalation rat (mg/l)	> 5000 mg/1/4 mg/m³ @ 4h
Benzenesulfonic acid, mono-C16-24-alkyl der LD50 oral rat	> 5000 mg/kg OECD 401
LD50 dermal rabbit	> 5000 mg/kg OECD 401
LC50 inhalation rat (Vapours - mg/1/4h)	> 1,7 mg/l/4h EPA OPP 81-3
Skin corrosion/irritation	Not classified
Serious eye damage/irritation	 Not classified (Based on available data, the classification criteria are not met)
Respiratory or skin sensitisation	: Not classified
Germ cell mutagenicity	Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	Not classified
Specific target organ toxicity (single exposure)	Not classified
Benzenesulfonic acid, mono-C16-24-alkyl der	
NOAEL (acute, oral, animal/male)	> 5000 mg/kg bodyweight OECD 407
Specific target organ toxicity (repeated exposure)	
Aspiration hazard TIGER SPORTER 4T 20W40	Not classified
Viscosity, Kinematic	158 mm²/s @ 40 ∘C
Viscosity, Rinematic	
SECTION 12: Ecological information	
12.1 Toxicity	
12.1 Toxicity Ecology - general	: Based on available data, the classification criteria are not met.
Ecology - general	
Ecology - general Benzenesulfonic acid, mono-C16-24-alkyl der	ivs., calcium salts

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

12.2 Persistence and degradability		
Persistence and degradability	Not soluble in water, so only minimally biodegradable.	
Phenol, dodecyl-, branched	1	
Biodegradation	25 % @28d - strum - OECD TG 301 B	
Mineral oil		
Biodegradation	31 % 28d - OECD TG 301 B	
Benzenesulfonic acid, mono-C16-24-alkyl deriv	vs., calcium saits 8 % ThOD 28d - OECD TG 301 D	
BOD (% of ThOD) Phosphorodithioic acid, mixed 0,0-bis(1,3-din		
Biodegradation	1.5 % @28d - OECD TG 301 B	
Diodogradation		
12.3 Bioaccumulative potential		
Phenol, dodecyl-, branched		
Bioconcentration factor (BCF REACH)	794,33	
Log Kow	7,14 Measurements	
Benzenesulfonic acid, mono-C16-24-alkyl deriv		
Log Kow	4,46 - 10,88 OECD 107/117	
Phosphorodithioic acid, mixed O,O-bis(1,3-din		
Log Kow	0,56 Measurements	
12.4 Mobility in soil		
No additional information available		
12.5 Results of PBT and vPvB assessment		
No additional information available		
12.6 Other adverse effects		
No additional information available		
SECTION 13: Disposal considerations		
13.1 Waste treatment methods		
Additional information	Dispose in a safe manner in accordance with local/national regulations	
SECTION 14: Transport information		
In accordance with ADR / RID / ADNR / IMDG / IC	ΔΟ / ΙΔΤΑ	
14.1 UN number		
Not regulated for transport		
14.2 UN proper shipping name		
Not applicable		
14.3 Transport hazard class(es)		
Not applicable.		
14.4 Packing group		
Not applicable. 14.5 Environmental hazards		
Other information	: No supplementary information available.	
14.5 Environmental hazards		
Other information	: No supplementary information available.	
14.6 Special precautions for user		
14.6.1 Overland transport		
No additional information available		
14.6.2 Transport by sea		
No additional information available 14.6.3 Air transport		
No additional information available		
14.6.4 Inland waterway transport		
No additional information available		
14.7 Transport in bulk apporting to Armout	of MARROL 72/79 and the IRC Code	
14.7 Transport in bulk according to Annex II Not applicable.		

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

SECTION 15: Regulatory information				
15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture				
15.1.1. EU-Regulations				
Contains no REACH substances with Annex XVII	res	trictions		
Contains no substance on the REACH candidate list				
Contains no REACH Annex XIV substances				
15.1.2. National regulations				
Germany				
VwVwS Annex reference	:	Water hazard class (WGK) 1, low hazard to waters (Classification according to VwVwS, Annex 4)		
12th Ordinance Implementing the Federal Immission Control Act - 12.BImSchV	:	Is not subject of the 12. BImSchV (Hazardous Incident Ordinance)		
Netherlands				
SZW-lijst van kankerverwekkende stoffen	:	Phenol, dodecyl-, branched, Benzenesulfonic acid, mono-C16-24-alkyl derivs., calcium salts, Phosphorodithioic acid, mixed O,O-bis(1,3-dimethylbutyl and iso-Pr) esters, zinc salts are listed		
SZW-lijst van mutagene stoffen	:	Phenol, dodecyl-, branched, Benzenesulfonic acid, mono-C16-24-alkyl derivs., calcium salts, Phosphorodithioic acid, mixed O,O-bis(1,3-dimethylbutyl and iso-Pr) esters, zinc salts are listed		
NIET-limitatieve lijst van voor de voortplanting giftige stoffen – Borstvoeding	:	None of the components are listed		
NIET-limitatieve lijst van voor de voortplanting giftige stoffen – Vruchtbaarheid	:	None of the components are listed		
NIET-limitatieve lijst van voor de voortplanting giftige stoffen – Ontwikkeling	:	None of the components are listed		
Denmark				
Classification remarks	:	Emergency management guidelines for the storage of flammable liquids must be followed.		
Recommendations Danish Regulation	:	Pregnant/breastfeeding women working with the product must not be in direct contact with the product		

15.2. Chemical safety assessment

No chemical safety assessment has been carried out for the substance or the mixture by the supplier

SECTION 16: Other information.

ACGIH: American Conference of Governmental Industrial Hygienists
TWA: Time Weighted Average
TLV: Threshold Limit Value
ASTM: American Society for Testing and Materials
ADR: Accord Européen Relatif au Transport International des Marchandises Dangereuses par Route
RID: Regulations Concerning the International Carriage of Dangerous Goods by Rail
ADNR: Accord Européen relatif au Transport International des Marchandises Dangereuses par voie de Navigation du Rhin
IMDG: International Maritime Dangerous Goods
ICAO: International Civil Aviation Organization
IATA: International Air Transport Association
STEL: Short Term Exposure Limit
LD50: median Lethal Dose for 50% of subjects
ATE: acute toxicity estimate
LC50: median Lethal Concentration for 50% of subjects
EC50: concentration producing 50% effect

Safety Data Sheet

According to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EC) No. 453/2010

Other information	: The information in this SDS was obtained from sources which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the product are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with the handling, storage, use or disposal of the product. This MSDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS information may not be applicable.
Full text of R-, H- and EUH-phrases	:
Aquatic Acute 1	Hazardous to the aquatic environment — Acute Hazard, Category 1
Aquatic Chronic 1	Hazardous to the aquatic environment — Chronic Hazard, Category 1
Aquatic Chronic 2	Hazardous to the aquatic environment — Chronic Hazard, Category 2
Asp. Tox. 1	Aspiration hazard Category 1
Eve Dam. 1	Serious eve damage/eve irritation Category 1

Eye Dam. 1	Serious eye damage/eye irritation Category 1
Eye iris 2.	Serious eye damage/eye irritation Category 2
Skin Sens. 1B	Sensitisation — Skin, category 1B
Skin Irrit. 2	skin corrosion/irritation Category 2
Skin Sens. 18	Sensitisation – Skin, category 1B
H304	May be fatal if swallowed and enters airways
H315	Causes skin irritation
H317	May cause an allergic skin reaction
H318	Causes serious eye damage
H319	Causes serious eye irritation
H361f	Suspected of damaging fertility
H400	Very toxic to aquatic life
H410	Very toxic to aquatic life with long lasting effects
H411	Toxic to aquatic life with long lasting effects
EUH 208	Contains . May produce an allergic reaction
EUH 210	Safety data sheet available on request

SDS EU (REACH Annex II)

This information is based on our current knowledge and is intended to describe the product for the purposes of health, safety and environmental requirements only. It should not therefore be construed as guaranteeing any specific property of the product.
